Blue Diamond Book – game rules

Blue Diamond Book is a 5x3 videoslot with an Egyptian visual theme. The game features free spins with an expanding special symbol and expanding Scatter Wilds with win multipliers

Return To Player (RTP): **96.04%**

GAME RULES

- The reelset panel is 5x3.
- There are 10 fixed pay lines, paying left-to-right.
- The reels have 10 symbols including 4 high-paying, 5 low-paying, and a Scatter Wild (The Blue Diamond Book).
- The bet level is set using the BET LEVEL selectors.
- The line bet is the bet level divided by the number of lines.
- AUTOPLAY automatically plays the game for the selected number of rounds.
- The player is paid from left to right for matches of the same symbols, according to the Paytable.
- Only the highest win on each pay line is paid.
- Simultaneous or coinciding wins on different paylines are added.
- Whenever 3 scatters land anywhere on the reel set, the game awards 10 free spins and the player is taken to the Free Spins Mode.
- Freespins are paid according to the bet amount and paylines set prior to entering Freespins Mode.

GAME FEATURES

Scatter Wild Symbol

- The Blue Diamond Book symbol is the Scatter symbol and acts as a wild.
- Substitutes for any symbol
- There are no Scatter wins.
- In the base game, a maximum of three Scatter Wilds can land
- Three Scatter Wilds landing anywhere on the panel will trigger free spins and award 10 free spins with an expanding special symbol and expanding scatter wilds with win multipliers.

Freespins

- The Scatter functions differently in the free spins feature, as follows:
- Before the free spins start, one of the nine regular symbols will be randomly selected to be the special symbol.
- All reels can contain a single Scatter Wild.
- The reels spin as normal (with the Scatter acting as a substituting wild), and the pay lines are evaluated and wins paid.
- Then, if sufficient Special Symbols are visible, each one will expand vertically to cover their entire reel.
- 'Sufficient special symbols' means at least two of the selected special symbol for high paying symbols and at least three of the selected special symbol for low paying symbols

- At the same time, should any Scatters be visible on the reels, they also will expand vertically to cover their entire reel, whereupon the Scatter will then:
 - Reveal itself to be either a 1x, 2x or 3x win multiplier (applies per expanded reel, not per symbol).
 - When any one special expanding symbol appears along with a wild symbol then the wild symbol will expand and substitute for that special expanding symbol.
 - The resultant panel shall then be evaluated for any scatter wins featuring the special symbol only (both standard and transformed Scatter versions) and paid, taking into account any Scatter win multipliers.
 - The maximum scatter win multiplier is 27x regardless of number of Scatters (books).
 - If the special symbol is Lara Jones (H1) and two Lara Jones (H1) symbols are on the screen and, additionally, at the same time there are THREE reels containing the Scatter Wild symbol, then the wild multiplier always equals 3.
 - It is not possible to re-trigger freespins.
