Release Date: 3rd February 2022

John Daly Spin It And Win It brings the loud, colourful and unpredictably exciting character of John Daly to life in the form of a feature-packed, 5-reel 3-row video slot.

This is a high-volatility 243-ways game that provides three compelling base game modifying features, three uniquely exciting bonus features, and a win potential of over 22,000x.

The base game modifier features are random wilds, a unique walking wild that go move left or right each re-spin, and an expanding wins feature.

The bonus features including free spins (with win multipliers, sticky wilds and retriggers), 'Sticky Balls' (a cash prize collection game with win multipliers and retriggers), and the unique 'John Daly's Big Hit', which is a Hail Mary experience where the great man whacks a ball into the heavens, and the player watches their win multiplier increase while the ball flies through the air, before it drops back down to the green.

In addition, players can opt to buy all six of the individual base game and bonus features, and buy to trigger the bonus, options that make this truly a game that delivers exactly what players want.
